The same markup shall be used for determining a decrease in price as the result of savings realized. The Contractor shall present the Lottery with all vouchers and records of expenses incurred and savings realized. The Lottery shall have the right to audit the records of the Contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the Lottery within thirty (30) days from the date of receipt of the written order from the Lottery. Modification of or additions to any portion of the Invitation for Bids may be cause for rejection of the bid; however, the Lottery reserves the right to decide, on a case by case basis, in its sole discretion, whether to reject such a bid as nonresponsive. As a precondition to its acceptance, the Lottery may, in its sole discretion, request that the Bidder withdraw or modify nonresponsive portions of a bid which do not affect quality, quantity, price, or delivery. No modification of or addition to the provisions of the contract shall be effective unless reduced to writing and signed by the parties.

A Bidder or Contractor shall not be discriminated against in the solicitation or award of this contract because of race, religion, color, sex, national origin, age, disability, faith-based organizational status, any other basis prohibited by state law relating to discrimination in employment or because the Bidder employs ex-offenders unless the Lottery, department or institution has made a written determination that employing ex-offenders on the specific contract is not in its best interest. If the award of this contract is made to a faith-based organization and an individual, who applies for or receives goods, services, or disbursements provided pursuant to this contract objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the public body shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

All invoices shall show the Lottery contract number and/or purchase order number; social security number (for individual contractors) or the federal employer identification number (for proprietorships, partnerships, and corporations).

   b) Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days,
however.

c) All goods or services provided under this contract or purchase order, that are to be paid for with public funds, shall be billed by the Contractor at the contract price, regardless of which public agency is being billed.

e) Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Lottery shall promptly notify the Contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A Contractor may not institute legal action unless a settlement cannot be reached within 30 days of notification. The provisions of this section do not relieve the Lottery of its prompt payment obligations with respect to those charges which are not in dispute.

2. To Subcontractors:

a) A Contractor awarded a contract under this solicitation is hereby obligated:

i. To pay the subcontractor(s) within seven (7) days of the Contractor's receipt of payment from the Lottery for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or

The date of mailing of any payment by U.S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier Contractor performing under the primary contract. A Contractor’s obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Lottery.

3. The Lottery encourages contractors and subcontractors to accept electronic and credit card payments.
